

## Iteryg Office 365 Migration Offering

**Iteryg**

*"Your Cloud  
Solution Provider"*

### Is it time to achieve greater productivity?

Many organizations are considering or have already made the decision to migrate to Office 365 for reasons such as:

- Increasing business agility
- Reducing up-front investments and cost of managing in-house exchange environments
- Supporting mobile workers and devices
- More quickly adopting new technologies with online collaboration tools (Lync, Sharepoint, OneDrive)
- Controlling IT with reduced complexity of administration

Because of the complexity and major risks associated with the deployment — such as email and data loss and productivity and performance issues — choosing the right partner with the proper expertise and experience to deliver is crucial.

### Our solution

As a Microsoft Cloud certified partner, we provide the expertise, a proven methodology and real-life experience to leverage the many benefits of Office 365. We can offer you a reliable way to migrate your mailboxes to Office 365. Starting at only \$50 per user, our solution includes:

- Project planning and coordination
- Migration of the user mailboxes ( Up to 1000 Users)

Looking to deploy Office 365 functionalities? We can help you with the entire process for a predictable cost. If you have a complex environment, Iteryg can also help build a personalized solution for your business' needs.

## Our process

Iteryg will start by assigning an email migration expert to your project. This person will meet you on your premises in order to fully understand your situation.

The first stage of the migration project will be envisioning and planning, which takes no more than one or two weeks, depending on the scope of the project. We then validate your current production environment, set up Office 365, pilot the solution, and develop the deployment plan. Finally, we migrate your users and provide you with ongoing migration reporting. We proactively manage the entire process to make sure we complete the project smoothly and that you leverage all the benefits of your new Office 365 environment.

## Benefits

- Migration completed by top Microsoft infrastructure and cloud partner
- Greater productivity and access from anywhere with Office 365
- Reduced risks and complications
- Faster deployment
